BRZ	2013-2014	4	SAE 0W-20	Synthetic			✓
	2015-2016	4	SAE 0W-20	Synthetic		✓	

Changing your oil according to factory recommended specifications and intervals is an easy way to help prevent engine wear and avoid costly damage. Find your vehicle on this chart and schedule an oil change with Genuine Subaru Certified Motor Oil.

* Synthetic oil can be used but it must meet the same oil viscosity and be changed at the same intervals as conventional oil. Always refer to the vehicle owner's manual for detailed information and severe driving condition recommendations.
